

SAMARITAN counseling center

Friends of Samaritan Counseling Center,

On behalf of all of the individuals and families we serve, Samaritan Counseling Center's dedicated staff and Board of Directors would like to thank all of our donors for their tremendous support.

As a non-profit agency, our ability to provide exceptional faith-integrated mental health care hinges on financial support from individuals and organizations like you. Donations made to the SCC Annual Fund directly support our goal of raising awareness about, and increasing access to, mental health care in our community.

According to the National Alliance on Mental Illness, **1 in 5 adults in our country struggle with mental illness in any given year.** Yet it is estimated that nearly 60% of them did not receive any mental health services last year - a *startling* statistic.

Donations to the SCC Annual Fund and Client Assistance Fund support our ability to increase access to mental health care for community members who are uninsured or underinsured. Last year, because of receiving over \$18,000 in donations, we assisted in funding more than **500 counseling sessions** for clients who, without this financial help, would not be able to receive the care they need.

But there are still *many* more members of our community who need our help.

Your tax-deductible gifts help Samaritan Counseling Center support members of our community when they need it most.

We could not do this important work without you.

Gratefully,

Alexandra C. Sobieski
Executive Director

We are here to help.

BOARD OF DIRECTORS

Jewel Abram-Copenhaver, President
Pfeil Innovation Center
Beacon Health System
